

GRANT APPLICATION

WHO WE ARE

Protect Our Wildlife is an all-volunteer Vermont nonprofit that values Vermont's volunteer wildlife rehabilitators and the tireless work they perform on behalf of our cherished wildlife. We are honored to contribute toward the cost of caring for the wildlife that is in the care of rehabbers.

THE PROCESS

We will do our best to accommodate your request. We do not limit the number of requests per year, but grants are at the sole discretion of POW's Board and are subject to available funding. Please note that we prefer to purchase items and have them mailed to you versus writing personal checks. For example, if you need formula, we are happy to order it online and have it delivered right to your doorstep! Are you building a new enclosure and need help paying for materials? If so, let us make a credit card payment over the phone directly to the merchant.

In order for us to continue to fundraise and assist rehabbers, we ask that upon your grant submission, you provide us with two or three (or ten!) photos of some of the animals in your care that we may use in our promotional material, such as our newsletters. If you would prefer that we do not mention your name in our newsletter, please let us know. However, photos are required.
